Flat Bottom for Cab Over Trucks & Flatbeds

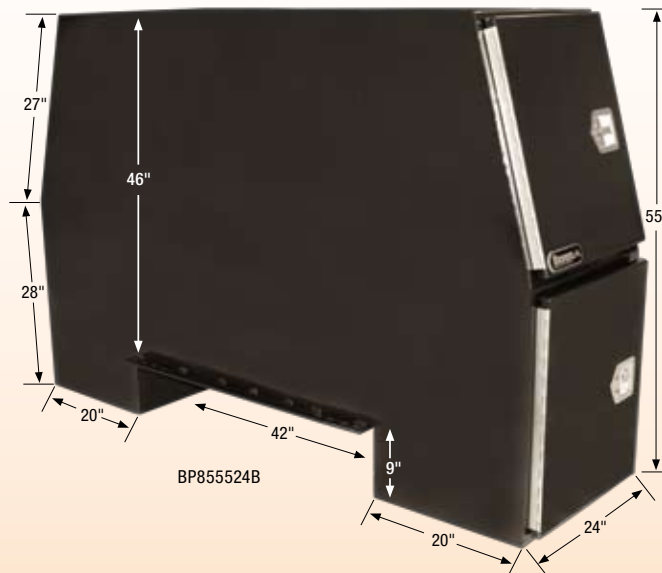

BP825524 Shown with Optional
BP141624 Bolt-On Underbody Box

B-Pack Boxes

- Adds convenient and spacious storage behind the cab.
 - Ideal for flatbeds, stake bodies, dump bodies, and utility bodies.
- Four doors with stainless steel rivetless locking T-handle latches and gas spring door holders.
 - Automotive rubber bulb sealed doors.
- Built-in frame mounting rails save time on installation and eliminate interior bolts.

All dimensions shown are nominal.

Aluminum

- Two stationary shelves plus floor storage. BP824624 has one shelf plus floor storage.
- Four Folding J Hooks (curb side).
- .125" polished diamond tread aluminum. 3/16" thick smooth interior floor.
- Comes with reinforced mounting points (Underbody box is reinforced at four corners for installation on right or left side of B-Pack).
- Optional BP141624 underbody toolbox includes bolt-on mounting brackets.
- BP824624: Overall height is 46" on this flat bottom box used on flat beds and cab-over trucks.
- BP825524: Overall height is 55". Height above floor level is 46". (9" hangs below floor level.)
- BP925824: Overall height is 58". Height above floor level is 49". (9" hangs below floor level.)
