Assembler I

Buyers Products company, a leading manufacturer in the work truck industry, is searching for an Assembler I to complement the skills and talents of our Assembly Department.

Primary Job Duties:

- Produces components by assembling parts and subassemblies.
- Reads and interprets schematics, blueprints, work orders, and assembly instructions.
- Positions or aligns components and parts, either manually or with hoists.
- Uses hand tools or machines to assemble parts.
- Complies with quality control process and procedures.
- Cleans and maintains work area and equipment, including tools.
- Prepares and positions parts and subassemblies by reviewing parts lists, gathering materials, and using templates or measurements.
- Assembles components and verifies specifications by ensuring proper fit, fastening parts, and measuring completed components.
- Keeps equipment operational by performing preventive maintenance, troubleshooting issues, and coordinating repairs as needed.
- Maintains a safe and clean working environment by complying with procedures, rules, and regulations.
- Conserves resources by using equipment and supplies as needed to accomplish job results.
- Accurately completes production paperwork and quality control forms.
- Follows verbal/written instructions and works collaboratively.
- Performs other duties as assigned.

Skills/ Experience:

- Basic mechanical and technical skills
- Safety-focused mindset
- Strong attention to detail and quality
- Dexterity and hand-eye coordination, including the ability to grasp, manipulate, and assemble small parts and components
- Experience with hand tools, power tools, gauges, and inspection fixtures preferred.

Physical Requirements and Work Environment:

- Standing, Walking and Sitting for extended period of times
- Physical stamina and strength
- Mobility and dexterity to move around operating machinery and powered industrial equipment
- Ability to work on site to physically support manufacturing requirements
- Ability to lift up-to 50 pounds
