## **Associate Fixture Cage Technician**

Buyers Products company, a leading manufacturer in the work truck industry, is searching for an Associate Fixture Cage Technician who will retrieve, store, clean, maintain and repair fixtures to support manual and robot welding production. The Associate Fixture Technician may be asked to perform work of Fixture Cage Technician as they develop the necessary skills. *We are willing to provide training to an individual with a strong work ethic, good attendance and willing to learn new skills.*

### **Primary Job Duties:**

- Retrieves and returns fixtures to rack storage locations.
- Cleans fixtures after welding production, to remove spatter, debris, etc.
- Adjust part locators, clamps, and other features to prepare fixtures for the next production run.
- Replace and repair worn or damaged fixture components.
- Ensures all fixture components are accurate to the engineering drawings.
- Troubleshoots fixture related manufacturing issues as required (this duty depends on skill level of technician).
- Tack welds production parts for fixture qualification when significant adjustments are made.
- Works independently, resolving technical issues with minimal direction, and work as part of a team.
- Maintains communication with welding, operations, and fixture engineering departments.
- May be asked to assemble / build new fixtures (this duty depends on skill level of technician).
- Follows internal procedures and processes in accordance with ISO 9001 Certification.

### **Physical Requirements and Work Environment:**

- Standing, Walking and Sitting for extended period of times
- Mobility and dexterity to move around operating machinery and powered industrial equipment
- Ability to lift up to 50 lbs
- Ability to operate power tools and vibrating equipment
- Ability to work on site to physically support manufacturing requirements

### **Skills/ Experience:**

- Willingness to learn new skills (welding, plasma cutting, assembly, machining, print reading and troubleshooting)
- Good attendance is required.
- Must be mechanically inclined.
- Welding, fabrication and machining experience are a plus.
- Good written and oral communication skills
- Highly motivated self-starter with proactive approach to attacking opportunities.
- Computer skills sufficient to manage inventory searches and transactions for fixtures.

### **Education Background:**

- High School Diploma or General Education Degree (GED)
- 1-2 years related experience and/or training or equivalent combination of both preferred
