CNC Operator

Buyers Products company, a leading manufacturer in the work truck industry, is searching for a CNC Operator to complement the skills and talents of our **Department**.

Primary Job Duties:

- Prepare and operate CNC machines to perform tasks such as drilling, grinding, milling etc.
- Understand specifications of the task at hand and the desired result by reading blueprints, mechanical drawings etc.
- Translate instructions into computer commands so the machines can perform the correct function
- Prepare and load raw materials and parts onto the machines
- Prepare a test run to check if the machines produce outputs according to specifications
- Set machines to complete full cycles to fabricate large number of parts
- Supervise the machines while they execute the tasks and make any necessary adjustments to produce a better result
- Inspect and measure finished products and compare them with requirements to determine if the process has been completed properly
- Check and maintain machinery daily to ensure functionality

Skills/ Experience:

- Proven experience as CNC operator
- Skill in operating CNC machinery and tooling as well as precision measurement tools
- Ability to read and interpret mechanical documents and drawings
- Computer savvy with basic understanding of computer programming and CAD/CAM
- Mechanical aptitude and good math skills
- A keen eye for detail and results-driven approach
- Good communication abilities

Education Background:

- High school diploma or equivalent; certificate or diploma in engineering or relevant discipline is a plus
