Maintenance Technician

Buyers Products company, a leading manufacturer in the work truck industry, is searching for a Maintenance Technician to complement the skills and talents of our Maintenance Department.

Primary Job Duties:

- Survey buildings and repair mechanical systems to ensure they are consistent with health and safety standards
- Perform maintenance of electrical systems (replace light bulbs and sockets, clean and repair circuit breaker panels etc.)
- Assist in the setup of ventilation, refrigeration and other systems and conduct repairs when necessary
- Maintain heating and plumbing systems to ensure functionality
- Inspect alarm systems (fire, protection) and schedule repairs when needed
- Perform manual repairs when necessary (fix locks, replace windows etc.)
- Undertake activities of pest control such as spraying insecticide
- Conduct general upkeep procedures (e.g. landscaping) and other tasks as assigned (painting, carpentry etc.)
- Assist in budget preparation and ensure it is followed

Skills/ Experience:

- Proven experience as maintenance technician
- Basic understanding of electrical, hydraulic and other systems
- Knowledge of general maintenance processes and methods
- Working knowledge of tools, common appliances and devices
- Manual dexterity and problem-solving skills
- Good physical condition and strength with a willingness to work overtime

Education Background:

- High school diploma or equivalent; Certificate in HVAC, building maintenance technology or relevant field will be a plus

Physical Requirements and Work Environment:

- Standing, Walking and Sitting for extended period of times
- Mobility and dexterity to move around operating machinery and powered industrial equipment
- Ability to lift up to 50 lbs
- Ability to operate power tools and vibrating equipment
- Ability to work on site to physically support manufacturing requirements
