## **Robot Loader**

Buyers Products company, a leading manufacturer in the work truck industry, is searching for a Robot Loader to manage the loading, fit-up and unloading of workpieces within an automated production environment. Basic welding and grinding knowledge required also.

### **Primary Job Duties:**

- Interpret blueprints, drawings, and measurements to plan layouts.
- Weld small components as needed per job.
- Precision Part Fit-Up: Robots cannot adjust for gaps like human welders; you must ensure parts fit tightly within established tolerances to prevent weld defects.
- Fixture Operation: Proficiency in using manual or pneumatic clamping systems and following specific clamp orders to minimize part distortion. Load and secure components to fixtures.
- Cycle Time Management: Ability to keep pace with the robot's cycle by loading and unloading stations while the robot is active in another zone. Minimize downtime.
- Provide quality control by inspecting workpieces as they come out of the equipment and removing any defective pieces. Assess welded surfaces, structures and components to identify errors.
- Grinding equipment operation & maintenance: Operate and maintain grinding, polishing, and sharpening machinery to shape metal parts to exact specifications while performing routine cleaning, lubrication, and maintenance to ensure peak performance.

### **Skills/ Experience:**

- Knowledge of welding machinery, electrical equipment, and manual tools.
- Ability to read and interpret blueprints and designs.
- Outstanding attention to detail.
- Ability to work safely and accurately.
- Attention to detail and high level of accuracy.
- Good communication and interpersonal skills.
- Ability to work independently and in a team environment.
- Lifting up to 50lbs and standing for 8–12-hour shifts.
- Weld experience preferred.

### **Education Background:**

- High School Diploma or GED.
- A valid certificate in welding from an accredited institution is preferred.

---

**Physical Requirements and Work Environment:**

- Standing, Walking and Sitting for extended period of times
- Mobility and dexterity to move around operating machinery and powered industrial equipment
- Ability to lift up to 50 lbs.
- Ability to operate power tools and vibrating equipment
- Ability to work on site to physically support manufacturing requirements

**About Buyers Products Company**

Established in 1946, Buyers Products Company has grown to become a leading manufacturer in the work truck industry. Buyers Products specializes in durable truck boxes, heavy duty towing equipment, hydraulics, controls, and all-season trailer accessories. The Buyers line of snow and ice equipment includes SnowDogg® snowplows, SaltDogg® spreaders, and Scoop Dogg snow pushers.
